SUMMARY

Full Stack Developer with 3 years of experience building scalable web applications using Next.js, React.js, TypeScript, JavaScript, and Node.js. Skilled in responsive UI development, API integration, performance optimization, testing, and modern frontend engineering. Passionate about clean architecture, system design, and delivering high-quality, user-centric solutions.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Material UI, Kendo UI, Bootstrap, Framer Motion

Backend: Node.js, Express.js, Python

Databases: SQL, PostgreSQL, MongoDB

Cloud & Platforms: Azure

Tools: Git, Jira, Bitbucket, Figma, Jest

Technologies: REST APIs, Microfrontends, Redis, Kafka, Responsive Design, Performance Optimization, Accessibility

Learnings: DSA, System Design

EXPERIENCE

Aapmor Technologies

Full Stack Developer (SDE-1)

Hyderabad
2023 – Present

- Developed SAP applications into a modern React-based interface for internal Johnson & Johnson users.
- Worked on Microfrontend architecture to decouple multiple features, reducing dependencies and enabling independent development and deployment, faster releases, and reducing downtime.
- Introduced AI-driven language translation features, enabling the application to support multiple international languages and improving accessibility and UX across diverse regions, KPI Analytics with Dashboard.
- Participated in client meetings to gather requirements, provide updates, and address feedback.
- Developed two sites for Liberty Dental Plan.
- Led development of the company website, emphasizing modern UI design and smooth user experience.
- Worked on internal projects including Nexus, AuthX, Aapmor Website, Blogs, and PMS.

PROJECTS

Aapmor Blogs | Link

- A full-stack blog platform enabling users to write, edit, preview, and share blogs, with social features (likes, comments, saving) and admin capabilities to manage users and content.
- Create, preview, edit, and delete blogs with real-time notifications via Socket.IO.
- Rich-text editor using React-Quill; trending, liked, and viewed blogs sections.
- Light/Dark mode toggle and Lottie animations.
- Admin panel for managing blogs, users, and winner announcements; OTP login and JWT-based authentication.

Nexus

- A robust internal application for managing employees, access control, and recruitment, implementing RBAC and SSO integration via AuthX.
- RBAC access levels: Super Admin, Admin, Lead, Employee, with role-tailored dashboards.
- Employee Management: add, edit, and delete users based on access.
- Recruitment Module: manage new joiners, interview scheduling, and selection process.
- AI Chatbot (OpenAI) for answering employee queries from internal documentation.

PMS (Performance Management System)

- Built a role-based web application (React + REST API) to manage employee performance and learning goals across Admin, Manager, Lead, and Employee roles.
- Implemented multi-level approval workflows, quarterly evaluation cycles with weighted scoring, achievements tracking, and role-based feedback/notification systems.
- Architected role hierarchy with granular access control and audit logging.
- Implemented a dynamic scoring engine combining competency and technical goal performance into a unified score.
- Developed an admin analytics dashboard for performance trends, team comparisons, and goal completion metrics.

My Portfolio | Link

- Designed and developed a responsive personal portfolio to showcase skills and projects.
- Integrated EmailJS for real-time contact submissions and Framer Motion for smooth UI animations.
- Built with React, Material UI, Framer Motion, EmailJS; deployed on Vercel with a custom domain.
- Light/Dark mode toggle and responsive design.

EDUCATION

National Institute of Technology, Warangal

Master's in Waste Management

Warangal
2020 – 2022

Vaagdevi College of Engineering (JNTUH)

Bachelor's in Civil Engineering

Warangal
2015 – 2019

OTHERS

- Exploring new technologies and enhancements; actively learning DSA and System Design.
- Achieved AIR 9043 in GATE with a score of 458.
